

URGENT RE Fees: Emergency Payment Conditions Still in Force for those Experiencing Difficulty

Dear Students:

If you have received an email from the Registry through the SRMS on Thursday, 20th May, 2021 about the deadlines for fees, please note that this letter should have also been amended to indicate the following:

(1) Due to prevailing Covid 19 conditions any student already enrolled and taking courses who cannot pay at this time should immediately indicate this by sending a note to fixug@uog.edu.gy and copy to their HoD by May 31, 2021.

(2) The administration has already indicated that all payment conditions approved in the emergency period are still in force and UG will not terminate any student at this time for inability to meet financial obligations though those obligations must be met as soon as possible by the students graduation deadline.

(3) Please note no examinations or access to classes should be affected because of late fees. If this should happen to anyone kindly use the internal means of communication already outlined above.

(4) We appreciate the effort of those who can do so to pay in part or in full during this difficult time and hope that those who can will continue to do so.

(5) If you encounter ANY issues in this regard kindly write to the fixug@uog.edu.gy email; contact, UGSS, the UG Help Desk number and also copy your respective Deans, Assistant Deans and HoDs immediately. Please continue to take every precaution to stay healthy until we are able to fully return to our various campuses.

Office of the Vice Chancellor
